

Hello, Sharon Takaha,

I don't recall if I told you that I was retiring and moving to Colorado Springs, CO. My last day at Hudson is Aug. 24 and I'm moving to Colorado on the 26th. It has been an awesome journey with *you and the Startel organization* over the past 12 years.

At home, as I was packing items to send to Colorado I came across the gray jacket with the Startel emblem that you gave me and couldn't help but smile. I'm sure it will come in handy when it starts getting chilly in Colorado. I'm cleaning out my office and came across an old email you sent me, "God Will Provide" and it was right on time...again! As stated before, it has been an awesome journey. *Startel has provided the best service.*

The *technicians are wonderful* and can still remember the "old stuff" since we've not come into the 21st century yet with our equipment. Central Appointments was an idea that turned into a reality and the *Startel Technicians keep us afloat with their expertise and patience* in walking us through the down periods. Please pass on to the technicians that we never would have made Central Appointments work without them.

AND...last but certainly not least is YOU. *Sharon*, you are a superb mediator and instructor. I can wholeheartedly say that on numerous occasions you went beyond your scope of duties to provide us with the best service possible. I hope Startel knows that you are a precious and priceless gem. Words cannot express my gratitude. Many thanks to you for a job well done!

May God bless you abundantly as you continue to desire Him more and more everyday.

Thinking of you,

Katherine Jackson
